RISHABH AGARWAL

Jaipur, Rajasthan, India | rishabhgupta3451@gmail.com | GitHub | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

BCA student at JECRC University specializing in Cloud Computing and Web Development, with practical internship exposure to DevOps practices including Docker, CI/CD pipelines, automation, and containerization. Builds web applications and projects using frontend, backend, database, and cloud technologies. Interested in opportunities across software development, web development, cloud/DevOps, and data analytics, with a focus on learning quickly and delivering reliable, user-focused solutions.

TECHNICAL SKILLS

Programming	JavaScript, Java, Python (beginner), C/C++, SQL
Frontend	HTML, CSS, React, Tailwind CSS, Bootstrap
Backend & APIs	Node.js, Express.js, REST API fundamentals
Databases	PostgreSQL, MongoDB, Oracle DBMS
Cloud & DevOps	AWS fundamentals, Docker, CI/CD, Git, GitHub, automation, containerization
Data & Tools	Python data tools: pandas, NumPy, Matplotlib; Power BI, VS Code, Vercel, Render

EXPERIENCE

DevOps Intern | ElevateLab

- Gained practical exposure to Docker, containerization, CI/CD pipelines, and workflow automation.
- Learned how development and deployment workflows are structured to support repeatable, reliable software delivery.
- Worked in an internship environment focused on applying DevOps concepts and tools.

PROJECTS

Reelcast — Video Streaming Platform | Live Demo · Source Code

Portfolio-featured project designed around adaptive video streaming, synchronized watch parties, and subscription billing. Technology stack listed for the project: React, TypeScript, Node.js, Express, PostgreSQL, Redis, FFmpeg, Socket.io, AWS S3, and Stripe.

Indian Meal Planner | Live App · Source Code

Built a Streamlit-based meal-planning project focused on Indian meals; project work also included preparing a Kaggle write-up.

Additional projects: Tic-Tac-Toe game, Bubble Game, and Amazon UI Clone — web projects demonstrating interactive UI and frontend fundamentals.

EDUCATION

Bachelor of Computer Applications (BCA) | JECRC University, Jaipur, Rajasthan

Specialization: Cloud Computing and Web Development | Expected graduation: 2027

LEADERSHIP & ACTIVITIES

- Team head in the JECRC University Student Council management team, leading a team of 80+ students.
- Vice President, Media Club at JECRC University; supported student media and campus activities.
- Volunteer experience at Rhythm (hardware and Go-Karting event) and Centre for Arts & Ideas.
- Participated in Smart India Hackathon as part of team Aarambh.
